Further, on or before the enrollment of a student in Grades K-8, the District shall notify parents or other persons who have custody of a student of their responsibility to authorize any absence of the student from school and to notify the school in advance or at the time of any absences. The District also requires that at least one telephone number, if available, be given to the school office so that a "reasonable effort to notify by telephone" may be accomplished. This telephone number, if available, shall be provided at the time of enrollment of the student in the school. The parents or persons having custody of a student shall promptly notify the school of any change in this telephone number.

6. Notification to Parents Regarding Confidentiality of Student Educational Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

(1) The right to inspect and review the student's education records.

Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect.

The principal will make arrangements for access and notify the parent or eligible student of the time and place

where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask Vail School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) It is the intent of the District to limit the disclosure of personally identifiable information contained in a student's education records, including disciplinary records, except by the prior written consent of the parent or eligible student or under certain limited circumstances as permitted by the FERPA, the USA PATRIOT Act or the NCLB Act.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Another exception which permits disclosure without consent is that upon request, the District discloses education records without consent to the

officials of another school district in which a student seeks or intends to enroll. There are other exceptions contained in FERPA.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605
